

# M-7 3G WiFi Router

- NTT DoCoMo Network
- 3G Unlimited Data Plan
- Nationwide Service

## INSTRUCTIONS

1. Boot device by pressing the power button on the right side for 3-5 seconds
2. The Blue battery light strength indicator lights will appear on the side
3. The Red indicator light will appear on front of device for 10 - 15 seconds
4. The Red blinking light will change to a Blue blinking light indicating the search for the NTT DoCoMo network. This may take up to 30 seconds,
5. Steady blue light indicates connected to 3G network
6. Your SSID (user name) and Key (password) are printed on the side of the device.
7. Check battery level by pressing the power button lightly. Battery life 6-9 hours
8. We recommend charging the device during the night. Turn OFF the device while charging. The charging time is approximately 3 to 4 hours. DO NOT charge the device while it is being used for long durations. This may damage the devices battery. Unplug the charger cable after fully charged. Charging time is approximately 2 hours.
10. Power off by holding down the power button

**DO NOT RESET THIS DEVICE.** You will no longer be able to connect to the internet.
